GEORGE MASON UNIVERSITY
Graduate Council Certificate or New Degree Program Coordination and Approval Form

Description of certificate or degree program:
Describe the new certificate and/or new degree program. Attach course descriptions including departmental code or prefix, number, title of course and credit hours; prerequisites; and description of course as it will appear in the catalog. Note that course descriptions are limited to approximately 35 words in the Graduate Catalog.

This is a modification to the Certificate in International Health in the CNHS.

The catalog description remains the same.

The Certificate requirement statement remains the same.

Required courses are being changed to:

- NURS 583: Food and Culture: Biocultural Perspectives on Food and Nutrition (3)
- HSCI 543: Global Health, Trends and Policy (3)
- ANTH 631: Refugees in Contemporary Society (3) *
- HSCI 699: International Health Care Practicum (3)

Elective (6)

NURS578; SOCI 523; NURS 577; HSCI 530; CONF 501; CONF 709; GEOG 553: GEOG 581

TOTAL...................................................(18)

* If this course is canceled the student may substitute with one of the electives.

Rationale: HSCI 698: International Health Care: Theoretical and Practicum Dimensions is being deleted from the CNHS inventory.
Many objectives are repeated in HSCI 543.
