GEORGE MASON UNIVERSITY
Graduate Council Modified/Deleted Certificate, Concentration, Track, or Degree Program
Coordination/Approval Form
College of Education and Human Development

(Please complete this form and attach any related materials. Forward it as an email attachment to the Secretary of the Graduate Council. A printed copy of the form with signatures should be brought to the Graduate Council Meeting. If no coordination with other units is required, simply indicate “None” on the form.

Please Indicate: ______ Program ___ X ___ Certificate ____ Concentration _______ Track

Description of the change in the certificate, concentration or degree program:
The 15-credit Multimedia Development Certificate of the Instructional Design and Development (IDD) concentration has become outdated. A review of current literature, similar certificate programs at other institutions, and industry needs has revealed that a certificate in E-Learning is more attractive to both employers and students. Therefore we are requesting a name change for our certificate to “E-Learning Graduate Certificate”. We are also requesting a change in course requirements (see page 2 of this document). The number of credits remains the same at 15 and no new courses are required.

Approval from other units: NONE
Please list those units outside of your own who may be affected by these. Each of these units must approve this change prior to its being submitted to the Graduate Council for approval.
